DOORS**

The secure choice for fire safety

TOLEDO COLLECTION

Exclusive doors for exceptional developments

TOLEDO COLLECTION

Exclusive doors for exceptional developments

In high-end residential developments, first impressions count. Give every apartment a truly stylish entrance with the new Toledo range from Sentry Doors.

Exclusive to the UK market, the Toledo collection is available in a range of laminate and veneer finishes. Featuring stunning design, and unparalleled safety and security, no other fire door comes close in terms of sophistication, quality and performance.

Evoke a sense of luxury that begins before they've even walked through the door, with the Toledo collection.

Where safety, security and design combine.

Stunning design and unparalleled safety come together harmoniously to create the exclusive Toledo collection of high-end fire safety doorsets.

Available in an extensive range of laminate and wood veneer finishes, our fully compliant, internal flat doors are the epitome of modern elegance, creating entrances that perfectly complement the aesthetics of your development, whilst ensuring maximum protection.

A **DOOR CLOSER** is required for all fire door application. The closer ensures the door is always closed to maintain the fire integrity.

HINGES are CE marked, tested, and certified to EN1935 Grade 13 Stainless Steel Ball Bearing Butt Hinges. Including Class 13 dog bolts.

Our **TS008-PAS 24 LETTERPLATE** is designed to guard against common attack methods and 'fishing'.

Our FD30S doorsets are certified by **SECURED BY DESIGN**. Membership to the SBD scheme was made possible because of our internal fire doorsets meeting the strict set of criteria set out in PAS 24 Enhanced Security Doors.

All doorsets are supplied pre-assembled providing complete confidence in compliance and **EASE OF INSTALLATION**.

Our Innovative Secured by Design (PAS 24) **MULTI-POINT LOCKING SYSTEM** is designed to deliver optimum door performance, uncompromising quality, and the highest levels of security.

Our handle & cylinder combination meet the minimum 3* requirements required for **SECURED BY DESIGN**. Available in Polished Chrome and Polished Brass and tested to EN1906 for security and corrosion. Designed to provide complete confidence even in the most demanding settings.

Doorsets are available in a range of superior veneer and laminate finishes **COMPLETELY EXCLUSIVE TO THE UK MARKET**.

Sentry Doors is the UK leader in timber fire safety and security doors.

With over 130 years of manufacturing excellence, Sentry Doors is the preferred supplier of bespoke, fully certified, timber fire and security doorsets to both the residential and commercial markets.

Our long-standing partners include some of the UK's largest contractors, distributors, and architects, who appreciate our commitment to quality, innovation and sustainability.

Confidence in Compliance

At Sentry Doors, we aim to make compliance easy. Our products are manufactured to the highest standards of construction practice, and all of our door sets undergo rigorous, independent testing and certification processes.

Extensive Third-Party Certification

BM Trada Q Mark Certified

A BM Trada Q-mark approved Manufacturer, with dual scope for Fire & Enhanced Security to PAS24:2016.

Tested to the Extreme

Independently tested, our flat entrance fire doors regularly exceed test standards.

Secured by Design Accredited

We offer an extensive range of Enhanced Security & fire rated products, which meet the Police Preferred Specification.

Golden Thread

Data tag in every doorset ensuring complete compliance with the golden thread

Sustainability

We remain continually committed to ethical practices and this sustainable approach guides everything we do from product design to selecting our supply chain. We take a proactive approach and work as a collective to continually minimise our carbon footprint which includes minimising waste and carbon footprint whilst maximising recyclability.

It is our goal to remain socially and environmentally responsible while manufacturing and completing projects that will make an impact on local and global scales.

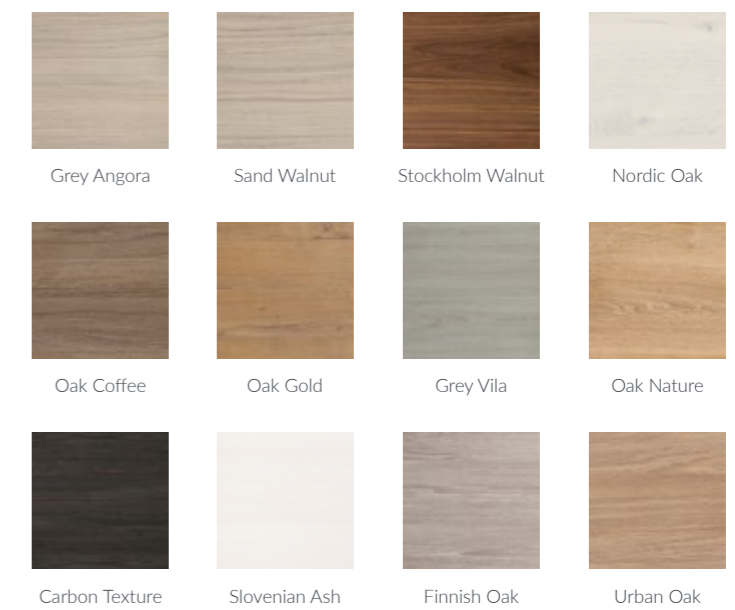

FINISH OPTIONS

Create a lasting impression

Incorporating the latest advances in functionality and décor, our fully certified doorsets are available in a variety of exclusive laminate finishes to generate the warmth and feel of natural wood, as well as contemporary textures like coal and cement. Or if you prefer, choose a solid wood door for the real aesthetic.

Lacquered	RAL 9003
Veneered	Oak Veneered

Laminate Finishes Available*

*Dual colour laminate finishes are available.
We also offer a range of alternative finishes upon request.

First class service

When you work with Sentry Doors it won't be long before you realise that there are certain qualities inherent in everything we do.

We're committed to offering a first-class service to our customers, which is why you'll work with a dedicated account manager and benefit from comprehensive support, from your initial enquiry through to project completion and beyond. You can access customer support at any time, as well as technical and compliance advice from our specialist teams.

Right on time

When you're working on a complex, multi-faceted project, it's vital that you receive the right products, at the right time, without any issues or delays.

At Sentry Doors, we'll work with you to ensure fast, flexible deliveries, removing any logistical headaches. We're here to make sure you (and your end customers) experience a seamless and reliable service.
